

Supplementary Figure S2: Soil moisture at 10 cm below surface [% (percentage of volumetric water content)] and soil temperature at 10 cm below surface (°C) over the Experiment time period of 18 month (2011 and 2012). Data were provided by the BExIS and regional management Teams of the Biodiversity Exploratories:

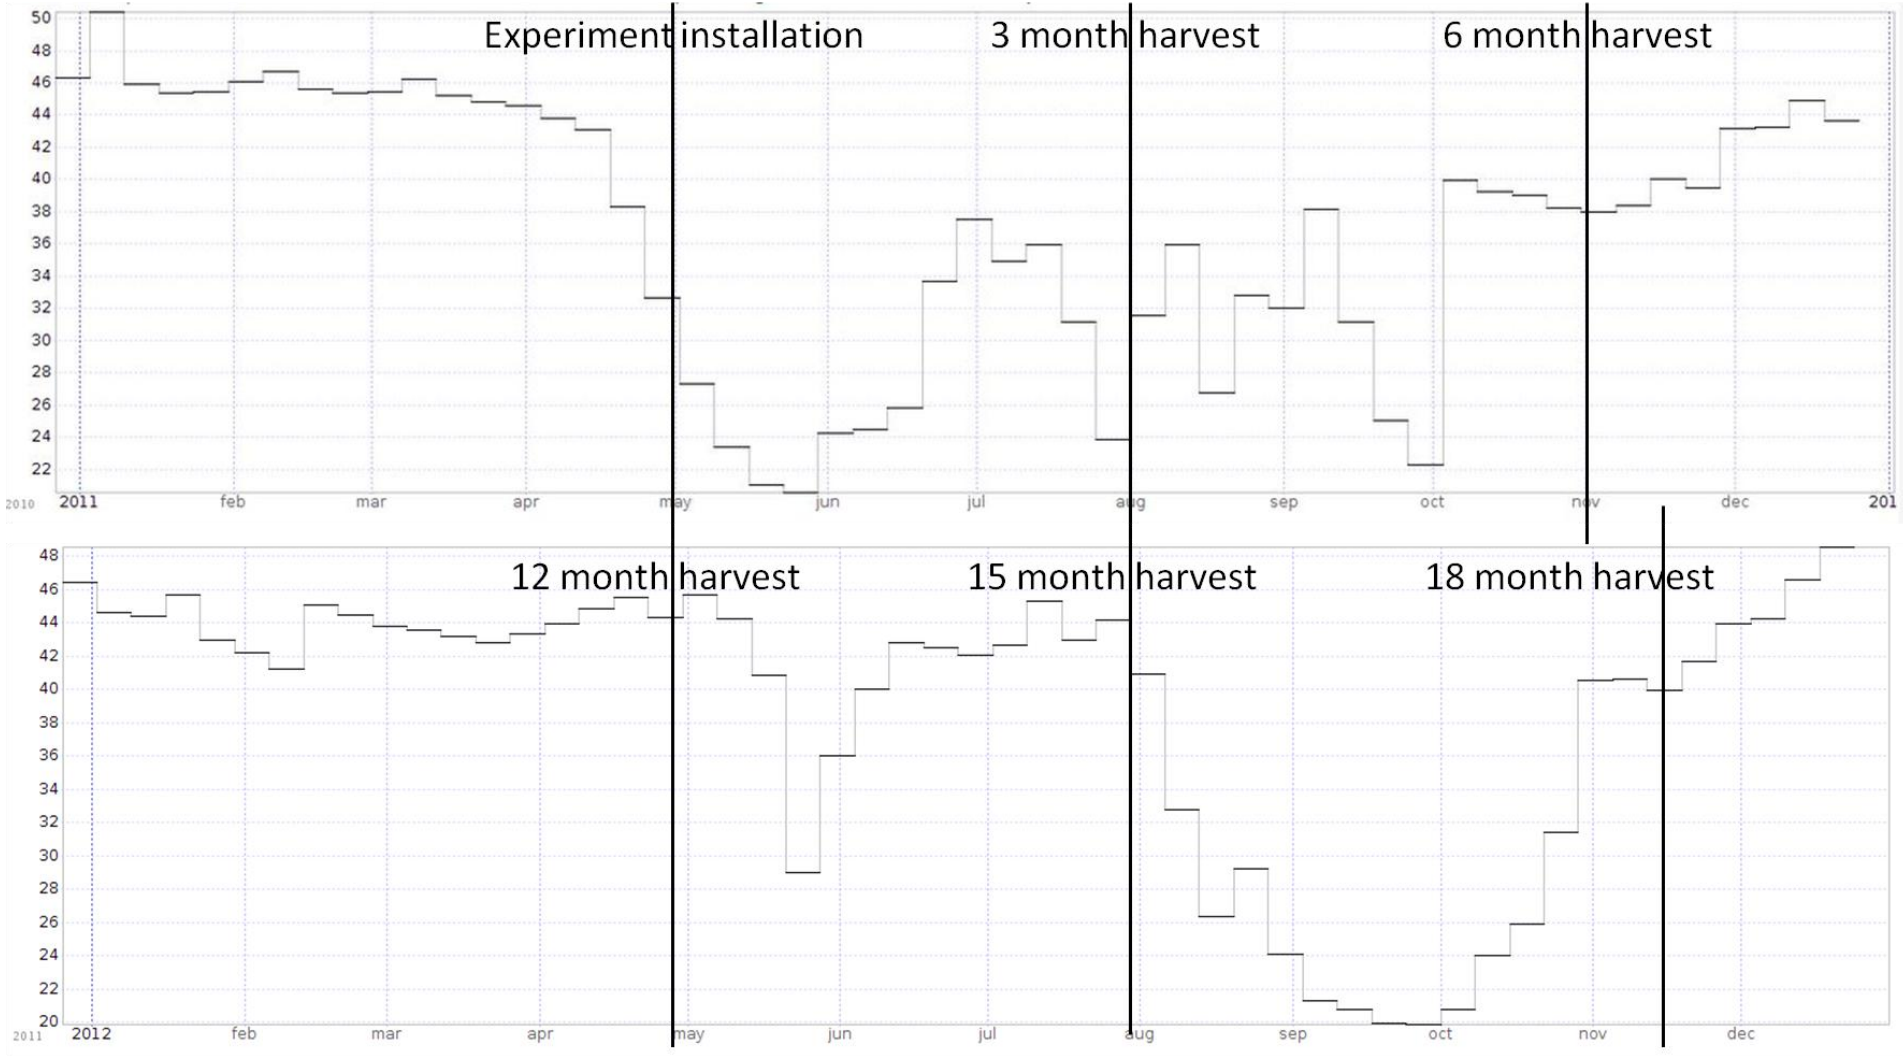

HEW 19 soil moisture:

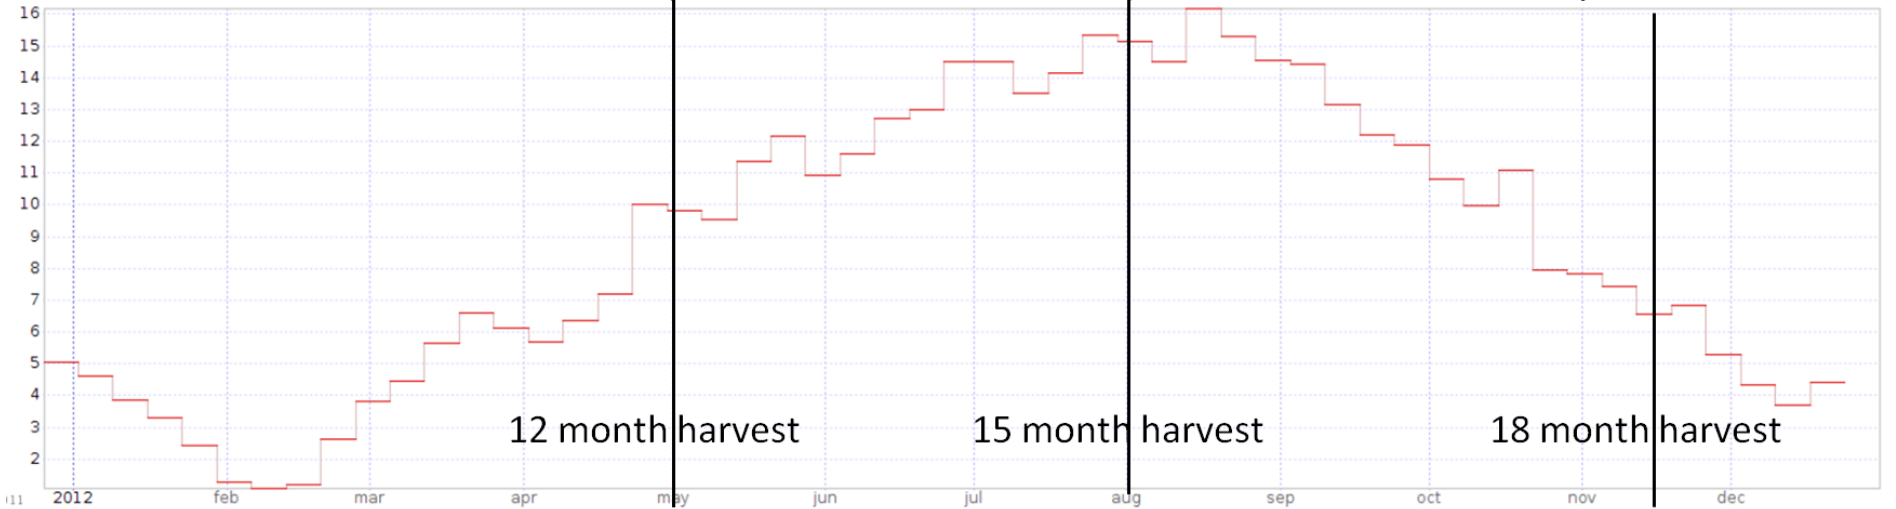

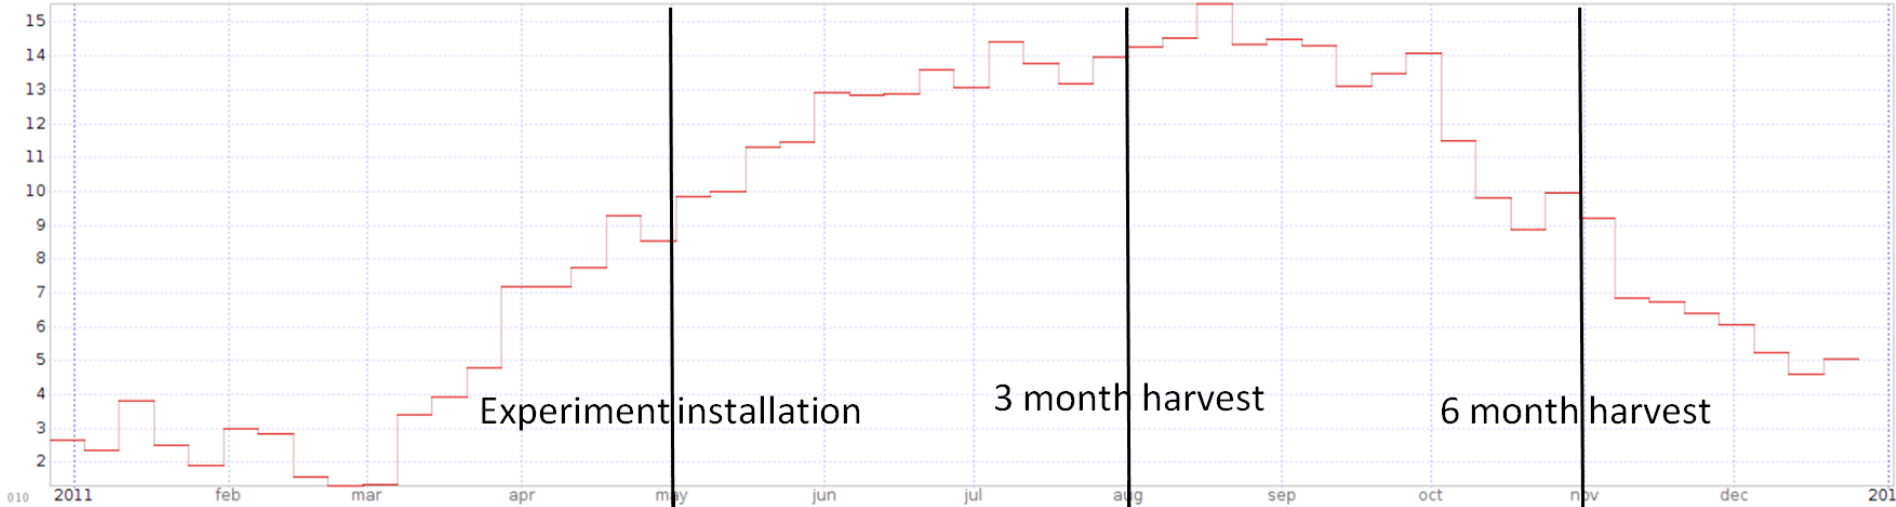

HEW 19 soil temperature

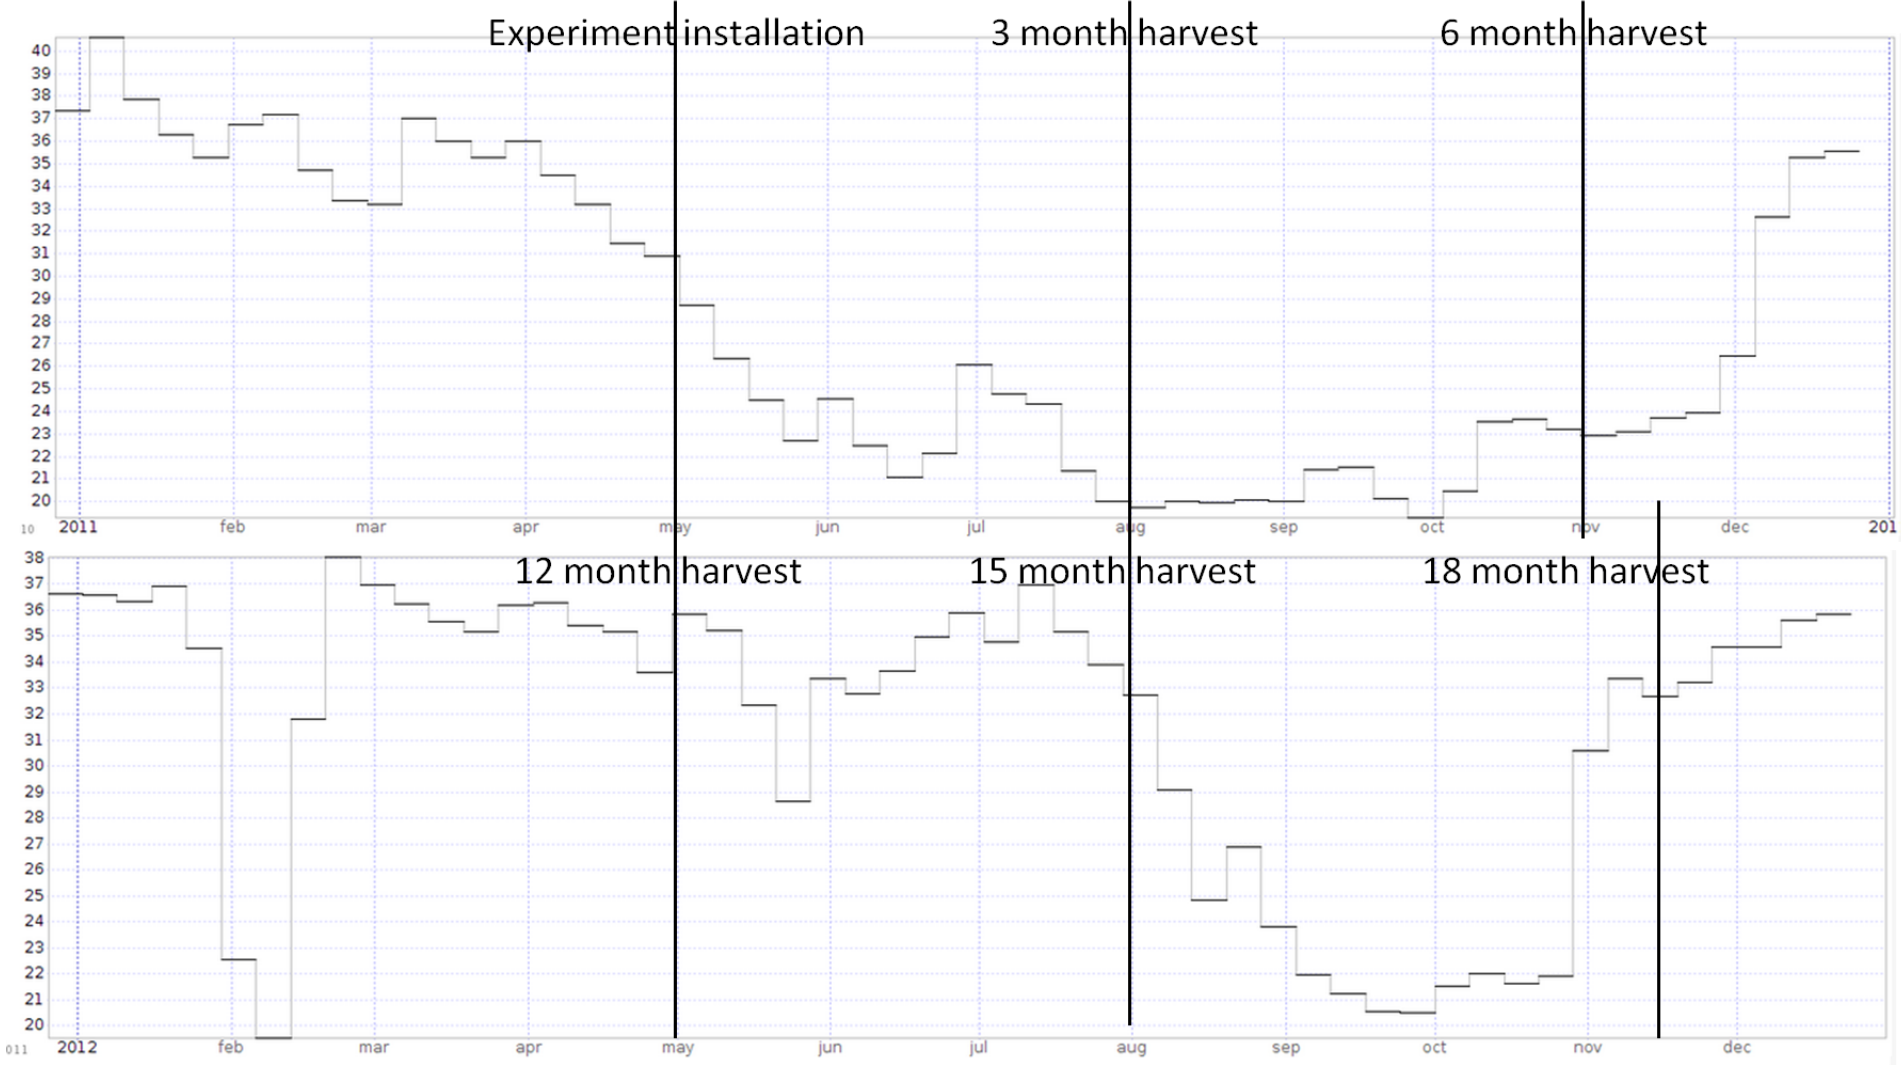

HEW 21 soil moisture

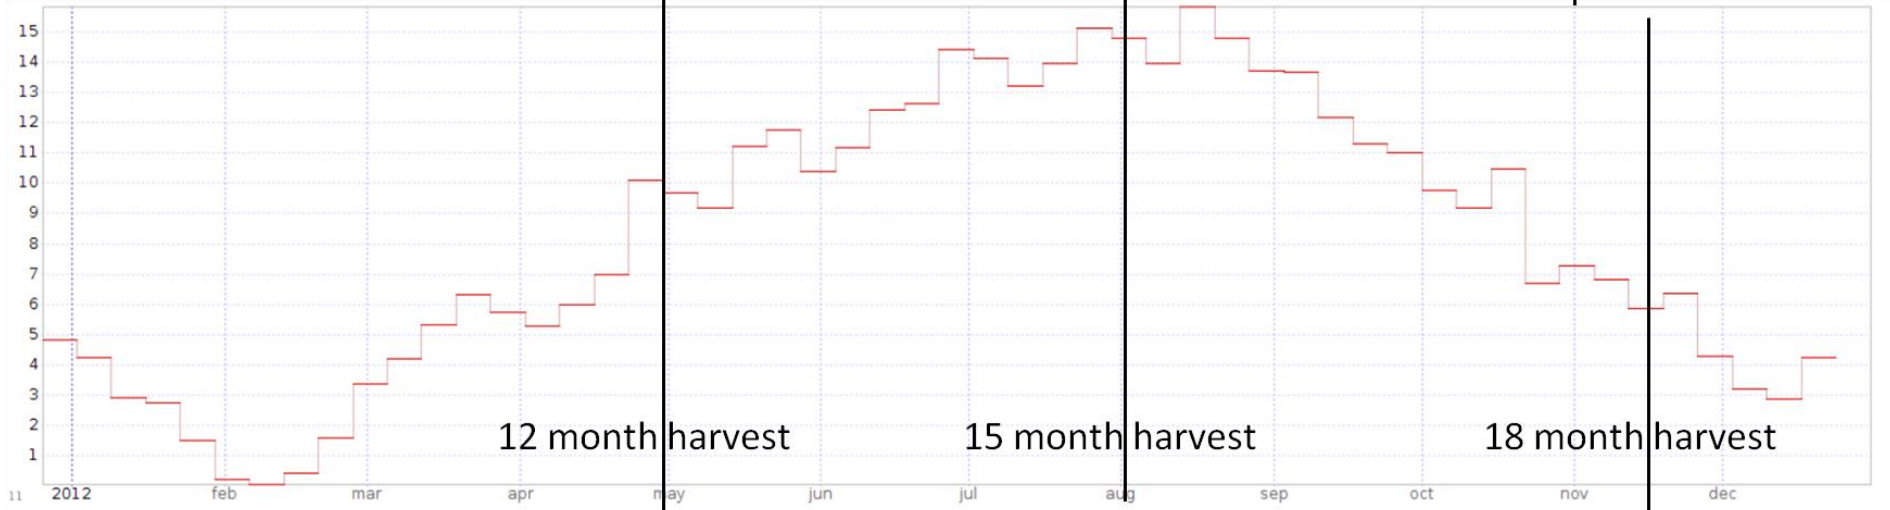

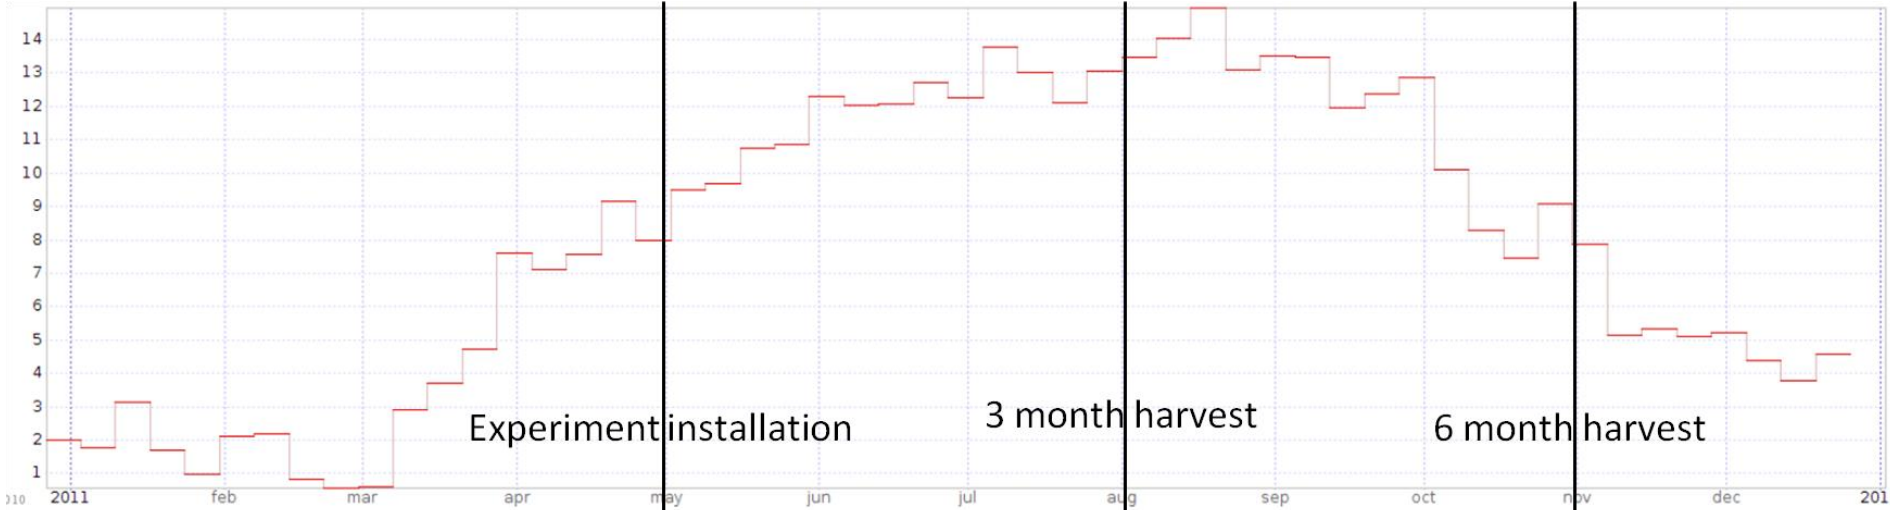

HEW 21 soil temperature

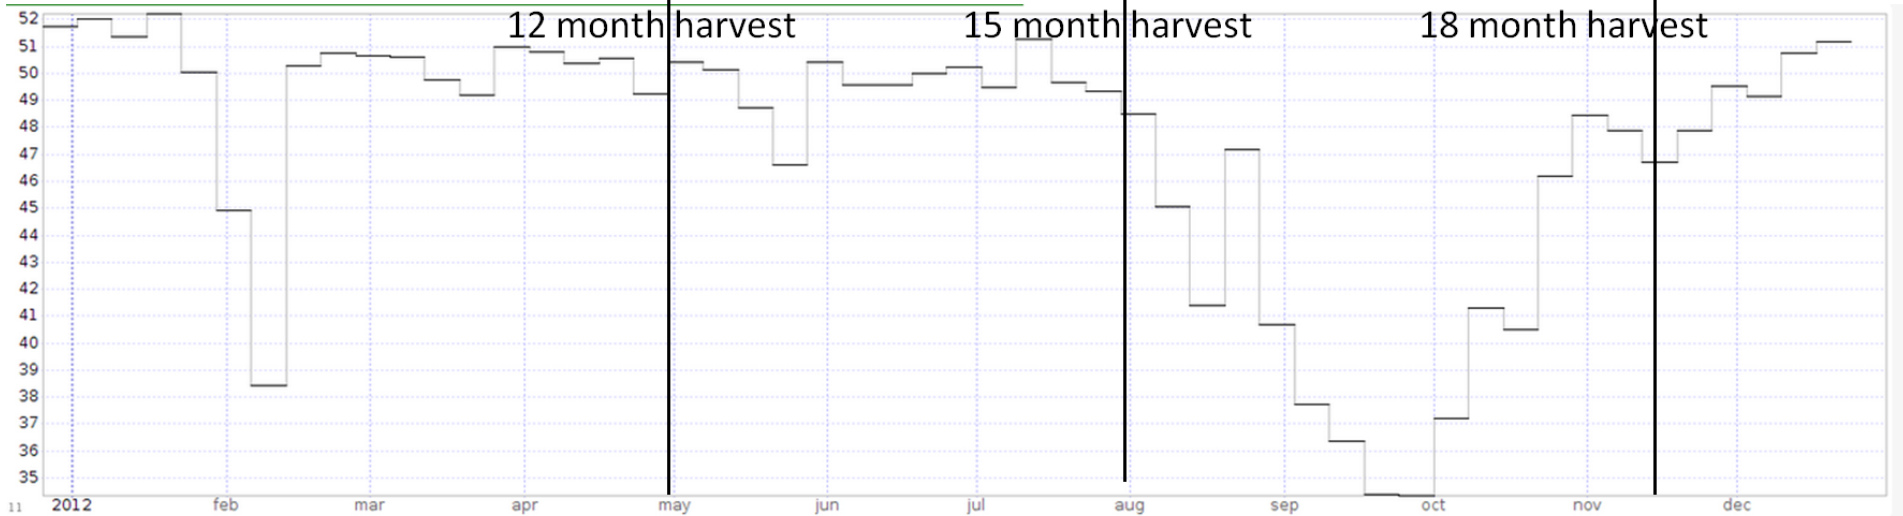

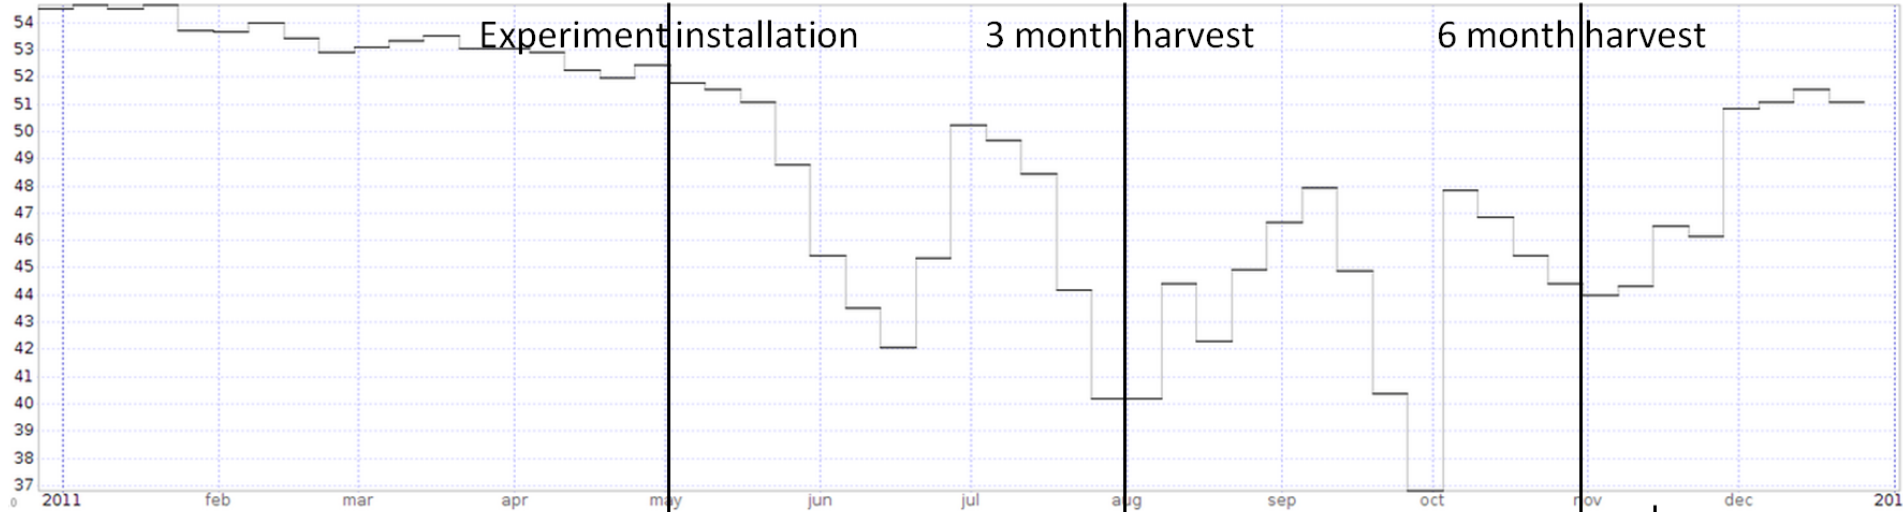

HEW 35 soil moisture

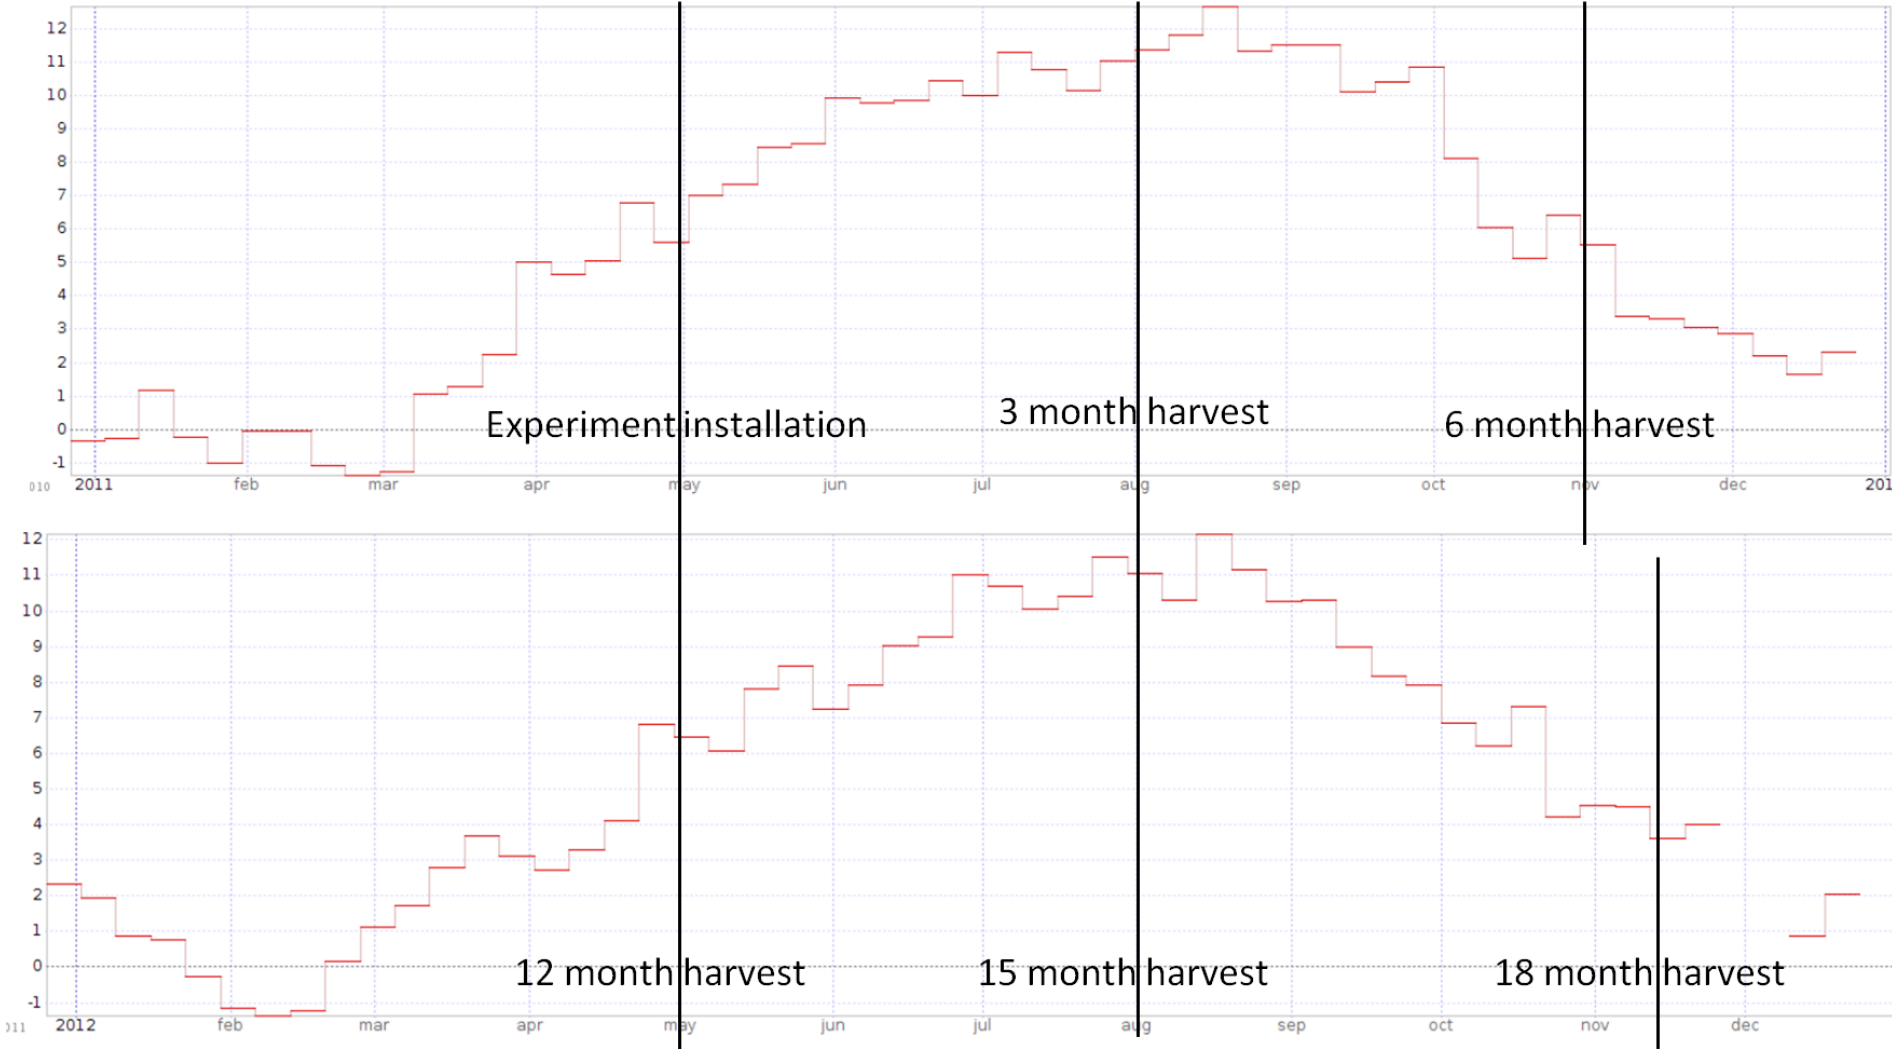

HEW 35 soil temperature

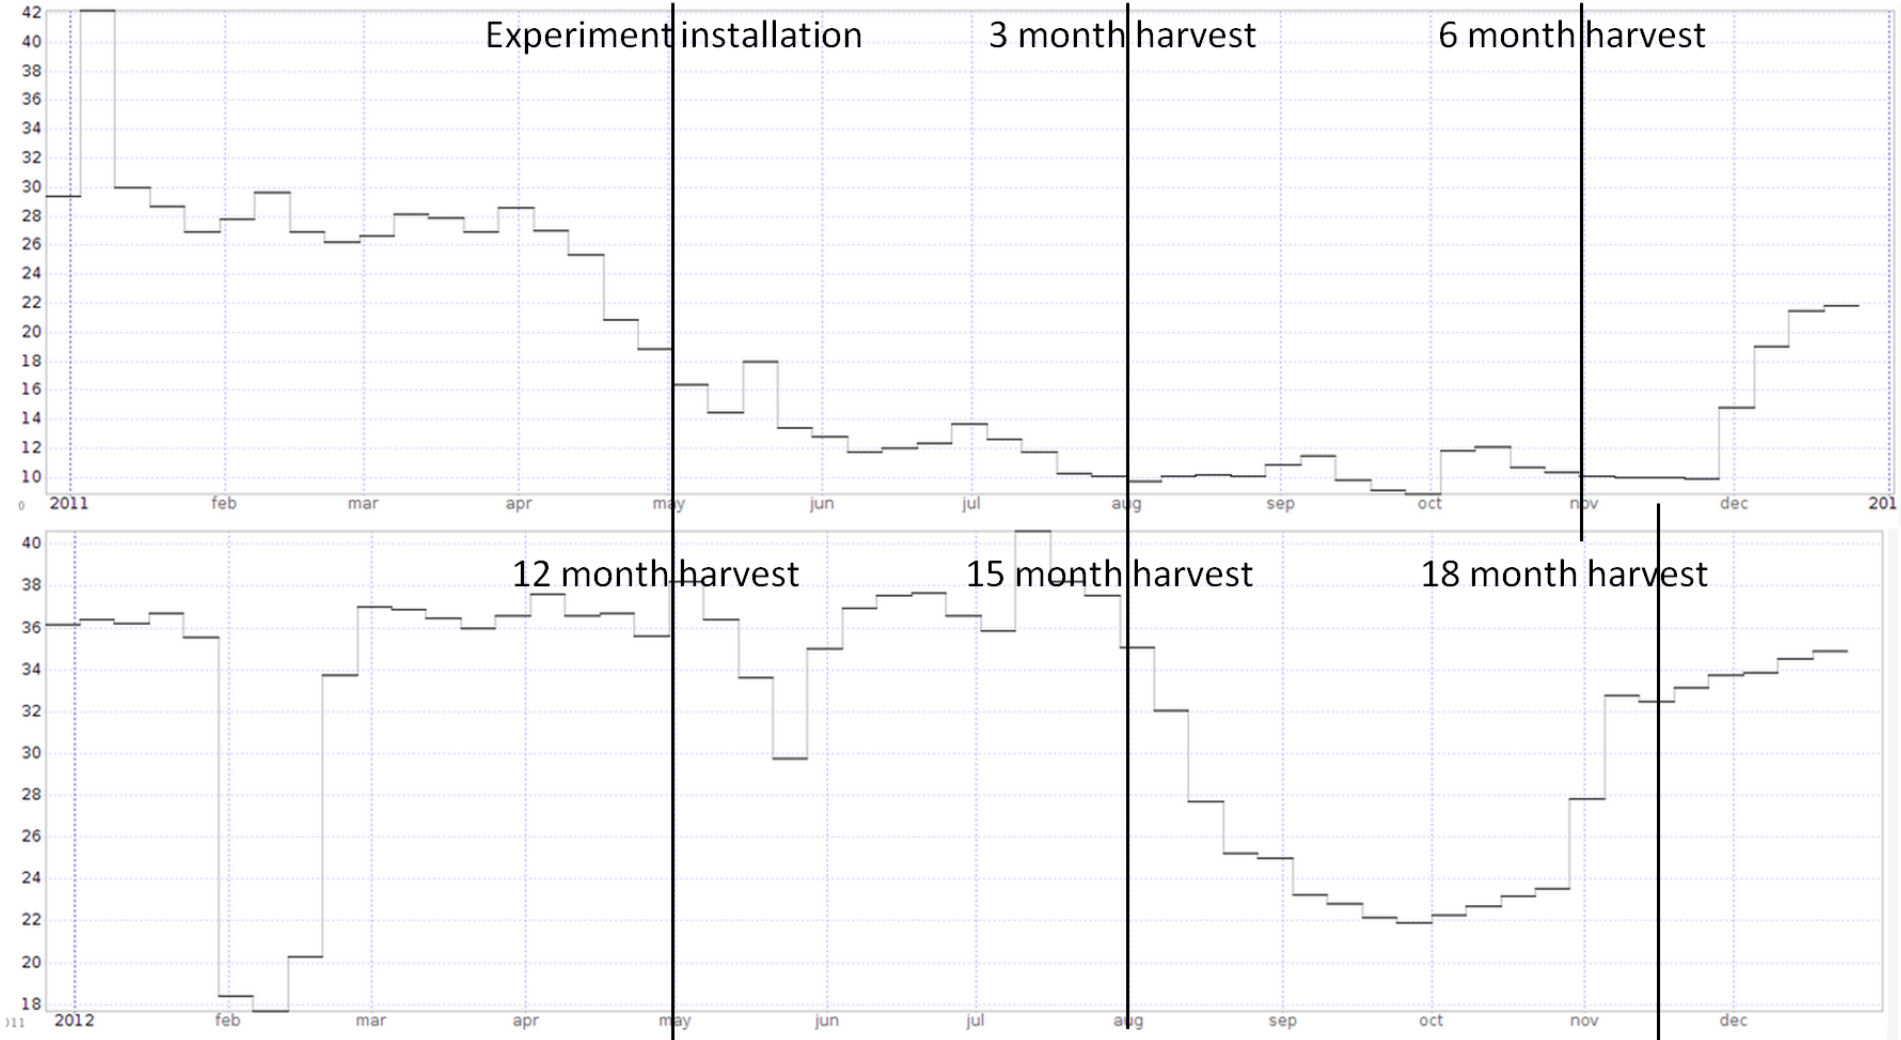

HEW 36 soil moisture

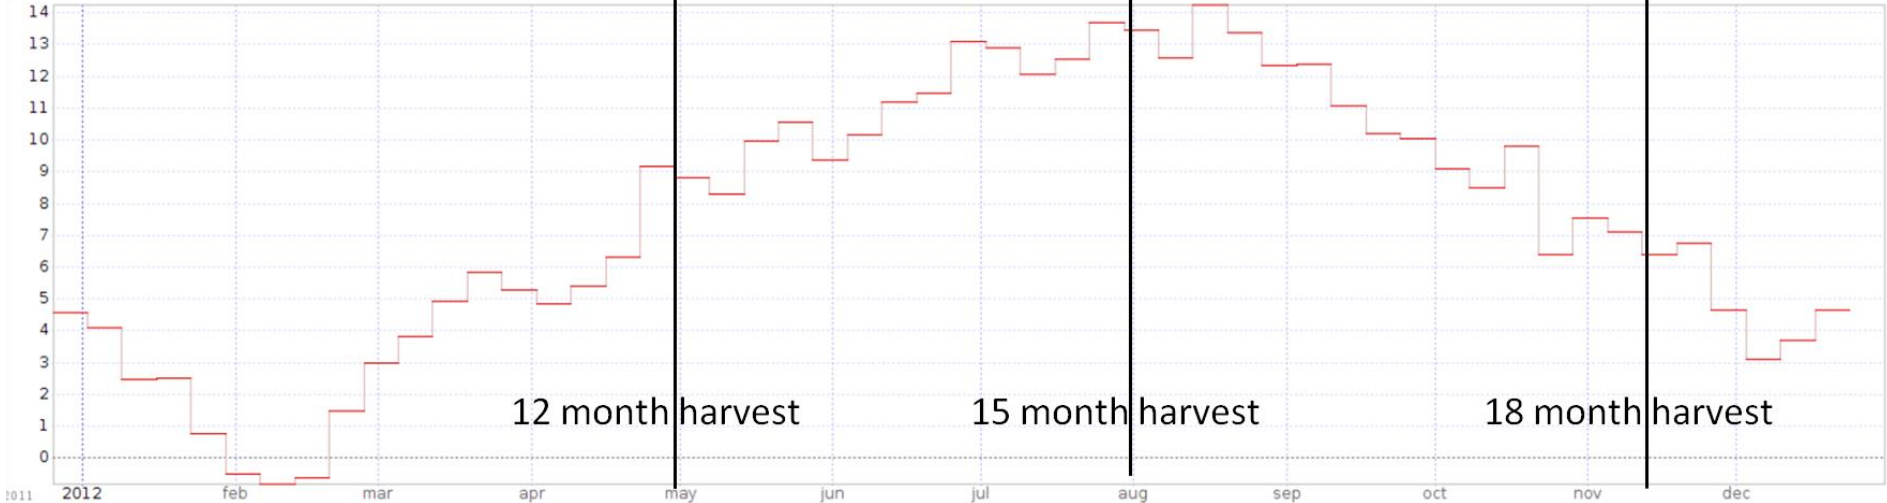

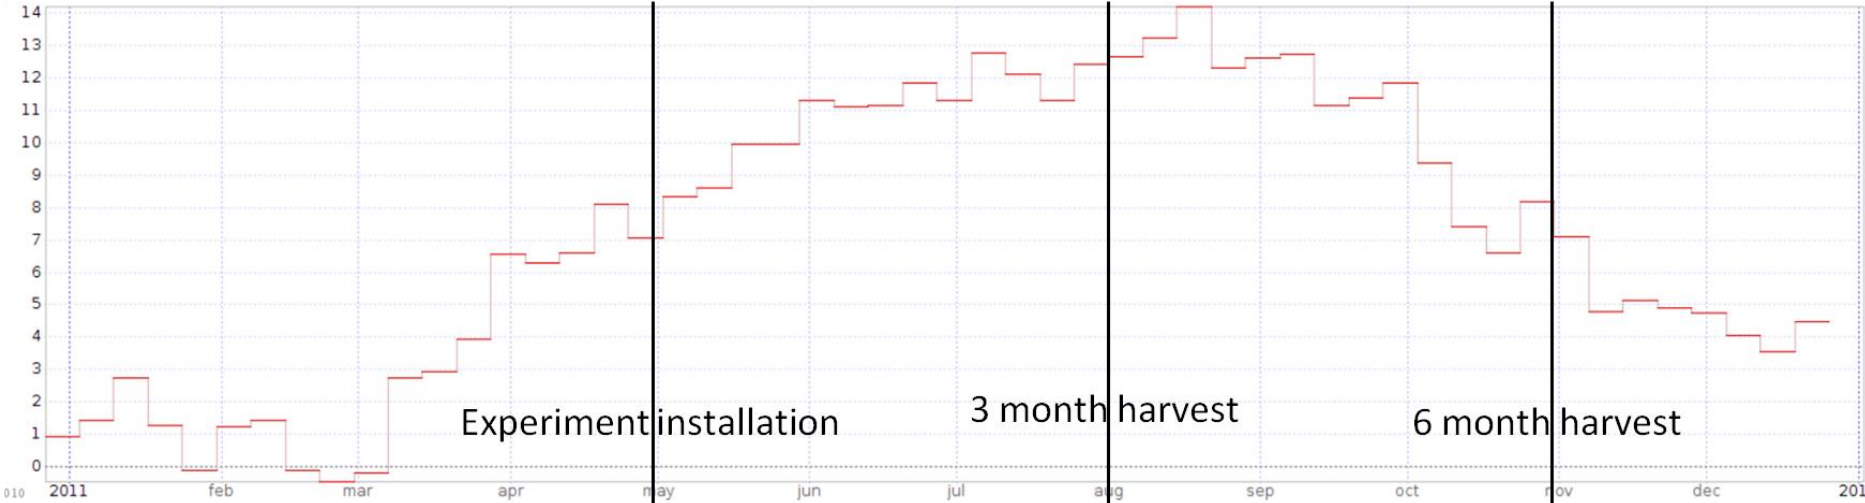

HEW 36 Soil temperature

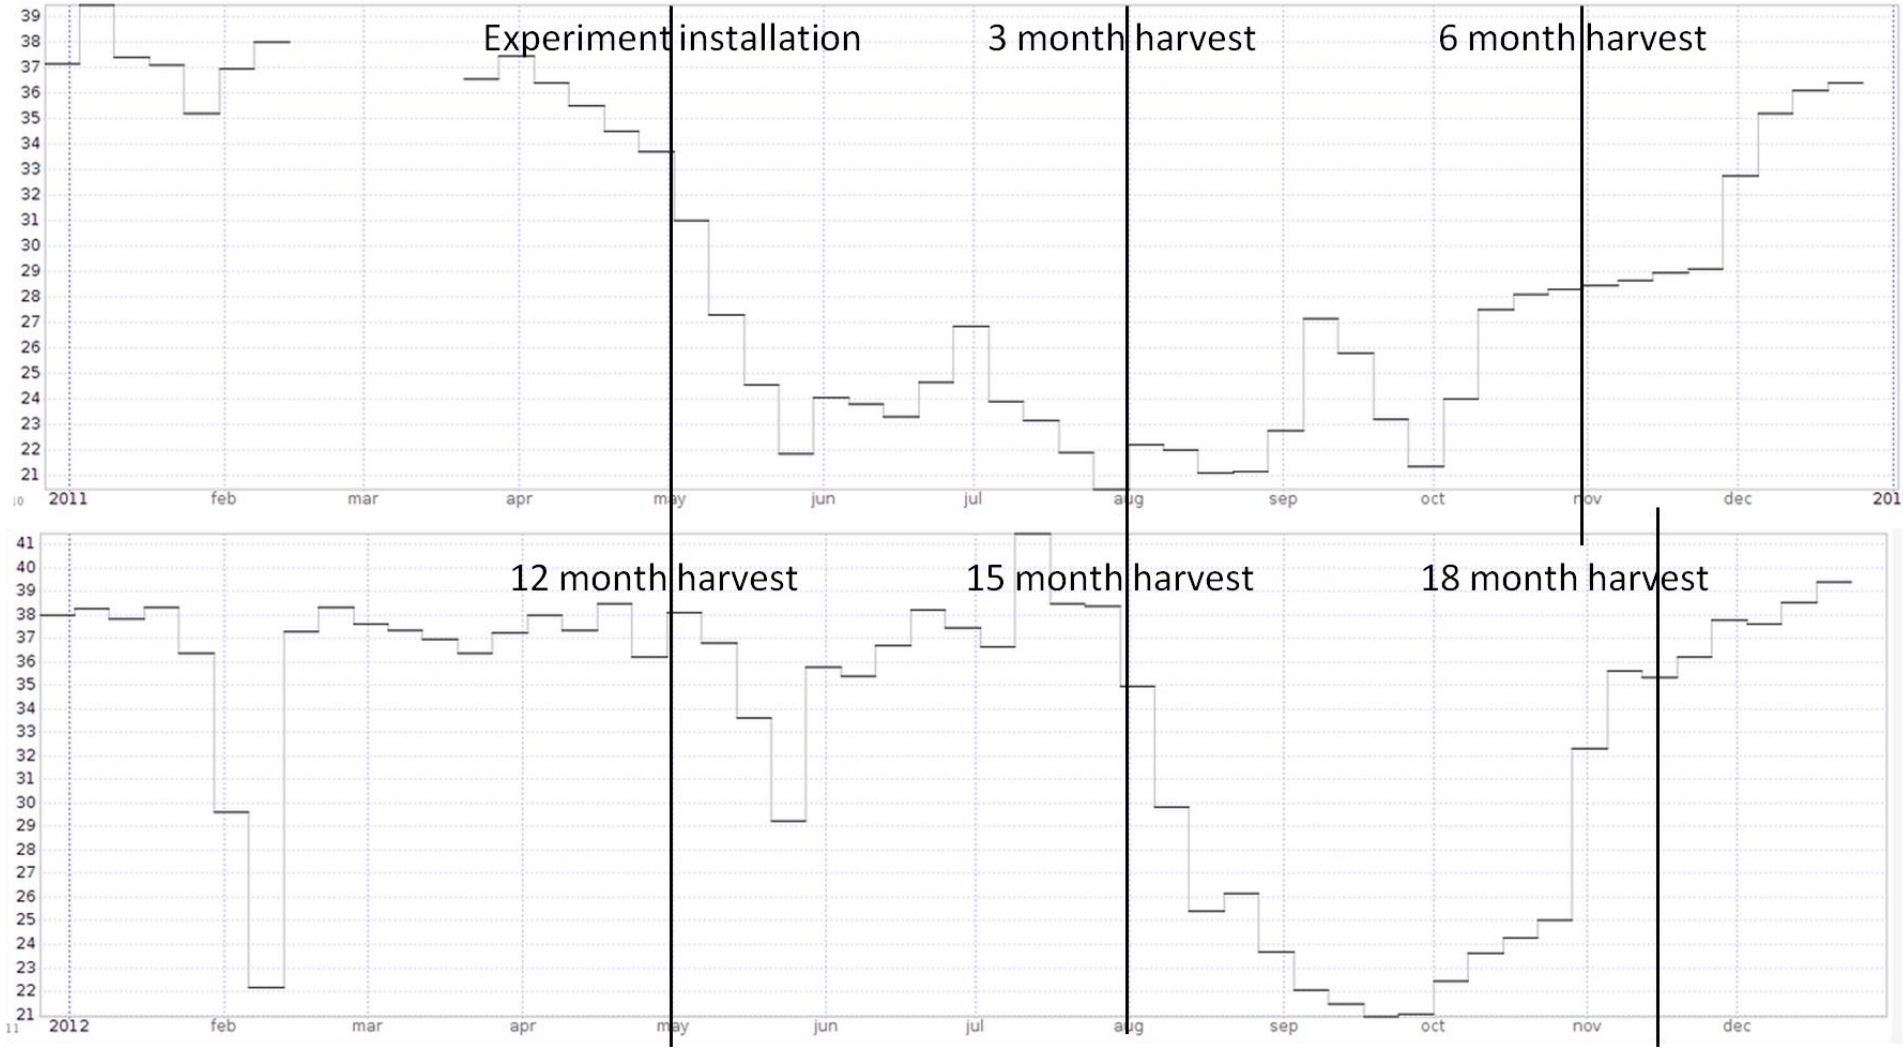

HEW 41 soil moisture

HEW 41 soil temperature

HEW 47 soil moisture

HEW 47 soil temperature
