

Synoptic Table

Notice: This table is abbreviated. Emphasis was put on commonalities of larger syntaxonomical groups rather than local particularities. Many important local species groups could thus not be included.

s = Identified as *Carex* sp.
d = Identified as *Carex spectabilis* or *C. paysonis*
p = Identified as *Carex paysonis*
po = Identified as *Carex podocarpa*
w = listed as *Luzula wahlenbergii*
n = listed as *Lepraria neglecta*
l = Identified as *Polytrichastrum lyallii*
